Dear Barry

Myself and the Girls at KPI Limited would like to formally thank you and your team for the wonderful website you have produced for us, we have been thrilled with the positive feedback we have received from clients since the website went live on Sept 1st – We have already had new business come our way via the website which is fantastic.

A fresh look design and user friendly navigation was the vision that KPI brought to Webdzinz back in August and that is exactly what you have created and I believe this is a real credit to your design team & company

When updating the site at our end we have found the manual extremely user friendly. If by chance we have struggled my staff and I have found you Barry only to happy to talk us through step by step via phone or email.

We also appreciate the diverse design work you have done for us on our KPI banners; although not part of your core business you did a fantastic job.

I would like to wish you all the best with your future projects and would not hesitate in recommending the team at Webdzinz to anyone looking to go live the right way!!

Yours Sincerely

A handwritten signature in blue ink, appearing to read 'Sharon Kirk', with a horizontal line extending to the right.
